**Ovideon, Inc. Enters LCD Display Market**

*Ovideon, Inc. presents a full line of LCD Displays to enhance home entertainment with stylish design, latest technology, reliability and overall value.*

**Aurora, Ill., January 8, 2004**— Today Ovideon Inc., as a response to the growing demand in flat screen displays, is proud to introduce the LC3000w and LC2700w High Definition LCD Home Entertainment Displays and the LC2000 space saving all around LCD display, perfect compliments to any room in the home.

These versatile multimedia displays enhance the home entertainment viewing experience by enabling consumers to watch a multitude of sources on one monitor. Whether its off air TV, Cable TV, HDTV, DVD/VHS Movies, Video Games or even surfing the web the Ovideon LCD Display is a versatile Home Entertainment appliance.

Ovideon LCD TV contemporary styling is designed to flatter any room decor. Whether placed in the entertainment center or hung on the wall the Ovideon LCD TV compliments any room design with sophistication and elegance.

Innovative, performance enhancing, technologies are at the heart of every Ovideon LCD display. By implementing technologies such as, motion adaptive 3D Comb filters to reduce picture noise, inverse 3:2 pull down for enhanced movie playback, enhanced brightness (up to 500cd/m<sup>2</sup>) for easy viewing in most any environment, multimode picture in picture for display of up to 13 channels simultaneously, simulated spatial surround sound for enhanced stereo separation, progressive scan for the ultimate in picture clarity and fast, industry leading, 16ms response time for crisp video during fast action sequences in movies and video games, the Ovideon LCD TV offers the ultimate in home entertainment.

**-more -**

Every Ovideon LCD display is designed with reliability in mind. By implementing extensive quality control elements in the design and manufacture of its displays Ovideon is targeting the ultimate in customer satisfaction. The Ovideon LCD TV is designed to give the consumer continuous, trouble free, operation for years to come.

Efficiency in manufacturing, low operational costs and large manufacturing capacity gives Ovideon the ability to offer the ultimate in LCD TV Technology at a great value to the consumer.

**Product Description:**

**LC3000w:** The Ovideon LC3000w is a space saving and versatile 30" Flat Screen HDTV capable LCD monitor with integrated twin NTSC TV tuners. This high resolution 1280 x 768 pixel widescreen LCD TV offers phenomenal moving picture performance with its 16ms response time, progressive scan and 3D motion adaptive comb filter resulting in an ultra smooth and ultra clear picture. TV shows and movies will look great under most lighting conditions as this monitor boasts high brightness of 500cd/m<sup>2</sup> and a high 500:1 contrast ratio.

Its fan-less design results in silent operation, low power consumption and overall energy efficiency. Enjoy high quality stereo sound with two built-in 8W stereo speakers and subwoofer output to further enhance your total viewing experience. This LCD TV comes with two component video inputs (YPbPr/YCbCr), DVI w/HDCP digital input, an S-video input, a composite video input, five sets of audio inputs, a PC input and is fully controllable via its RS232 input. The LC3000w can be easily placed in any room of the home or, after detaching the removable table stand, can be easily mounted on your wall. The LC3000w is a perfect centerpiece for the family room, den or entertainment center.

The parental control feature of the LC3000w allows blocking of undesired channels, programs or movies. Picture in Picture lets you view two sources simultaneously and to easily switch between them. The LC3000w also features Picture by Picture and a Multimode PIP which allows you to see up to 13 channels simultaneously. This Ovideon LCD TV can deliver up to 50,000 hours of operation under normal operating conditions and comes with a one-year warranty. **MSRP: \$3,995.00**

**LC2700w:** The Ovideon LC2700w is a space saving and versatile 27" Flat Screen HDTV capable LCD monitor with integrated NTSC TV tuner. This high resolution 1280 x 720 pixel widescreen LCD TV offers phenomenal moving picture performance with its 16ms response time, progressive scan and 3D motion adaptive comb filter resulting in an ultra smooth and ultra clear picture. TV shows and movies will look great under most lighting conditions as this monitor boasts high brightness of 500cd/m<sup>2</sup> and a high 500:1 contrast ratio.

Its fan-less design results in silent operation, low power consumption and overall energy efficiency. Enjoy high quality stereo sound with two built-in 8W stereo speakers and subwoofer output to further enhance the total viewing experience. This LCD TV comes with two component video inputs (YPbPr), an S-video input, a composite video input, five sets of audio inputs and a PC input. The LC2700w can be easily placed in any room of the home or, after detaching the removable table stand, can be easily mounted on the wall. The LC2700w, is a perfect compliment in the living room, loft or master bedroom.

Controlling what your children watch can sometimes be a challenge. The parental control feature of the LC2700w allows blocking of undesired channels, programs or movies. Picture in Picture allows the viewing of two sources simultaneously and to easily switch between them. This Ovideon LCD TV can deliver up to 50,000 hours of operation under normal operating conditions and comes with a one-year warranty. **MSRP: \$3,495.00**

**LC2000:** The Ovideon LC2000 is an ultra slim, space saving and versatile 20" Flat Screen LCD monitor with integrated CATV tuner. This high resolution 640 x 480 pixel LCD TV offers phenomenal moving picture performance with its 16ms response time, progressive scan and 3D motion adaptive comb filter resulting in an ultra smooth and ultra clear picture. TV shows and movies will look great under most lighting conditions as this monitor boasts high brightness of 450cd/m<sup>2</sup> and a high 500:1 contrast ratio.

Its fan-less design results in silent operation, low power consumption and overall energy efficiency. Enjoy high quality stereo sound with two built-in 5W stereo speakers to further enhance the total viewing experience. This LCD TV comes with a component video input, an S-video input, a composite video input, three sets of audio inputs and a PC input. The LC2000 can be easily placed in any room of the house or, after detaching the removable table stand, can be easily mounted on the wall. The LC2000 is specifically designed for placement in smaller spaces like the kitchen, child's bedroom, home office or even the bathroom.

The parental control feature of the LC2000 allows blocking of undesired channels, programs or movies. Picture in Picture allows the viewing of two sources simultaneously and to easily switch between them. This Ovideon LCD TV can deliver up to 50,000 hours of operation under normal operating conditions and comes with a one-year warranty.

**MSRP: \$1,795.00**
